**Club Manager:** Bradley 073 580 4423.

**Club Maintenance Manager:** Errol 083 443 4866.

# Explanation of the GRADING SYSTEM for Tabs

Every playing member has been graded into one of the following four **categories** using stickers on the back of the tab:

**Skip** = **Orange** sticker

**Second** = **Yellow** sticker

**Third** = **Blue** sticker

**Lead** = **Green** sticker

Each of these four categories has been divided into **three sections** denoted by **one, two or three stars** on the category sticker:

Three stars (\*\*\*) is the strongest and must always be given preference to be promoted to a higher category.

Two stars (\*\*) the player is strong and gets preference above one star if there is a shortage in the higher category.

One star (\*) are for those who are not as strong in each category and always first to be used in a lower category (except as Lead).

## **The procedure to be followed by the duty officer:**

When tabs are received from the players, the tabs should be placed upside down and grouped into the four categories.

When the tabs-in has closed, determine the number of trips and/or fours games that can be played.

This then determines the number of players needed in each position.

Now adjust the grading categories (colours) up or down as required.

Then go ahead and put the games together or do an open (public/blind) draw.

## Explanation by example:

If there are 40 players, there should be 2 fours-games (16 players) and 4 trips-games (24 players). This will need 4 skips, 4 thirds, 4 seconds and 4 leads for the fours games, and for the trips games you will need 8 skips, 8 middle pips and 8 leads. The draw will then require:

12 skips: if less than this use top graded (three star) thirds. If there are more skips, move the lowest graded (one star) skips to be thirds.

4 thirds for the fours games - to be drawn from thirds.

4 seconds for the fours games - to be drawn from the seconds.

8 middle pips for the trips games - to be drawn from the remaining balance of thirds and seconds

12 leads for the fours and trips games.

## **Handicaps**

The new selection committee have revised handicaps for each player which will be applied to all handicap games. These will be rated from scratch (zero) to twelve (12).

If a scratch-player plays a 10-handicap player, then the scratch-player gives the other player 10 shots. Similarly, when a 5-handicap player is playing against a 7-handicap player, the 5-handicap player gives the opponent 2 shots at the start of the match.

# Men's Exercise Squads

As per the men's selection committee's commitment on 17<sup>th</sup> October please take note of the following:

There are now 6 exercise squads of 12 players each.

Each squad has two co-ordinators, who will arrange with the club coach, Kevin Nash, on the specific exercises to be conducted.

*Kevin has agreed to explain the exercises to all assigned co-ordinators on Tuesday 3rd November @ 17:00. If you as the co-ordinator cannot attend please see that you arrange someone else to attend on your behalf.*

It is the responsibility of the co-ordinators to arrange the day of exercise with the players in their respective squads.

After completion of the exercises on the day, the co-ordinators can then group players for practice games.

*Thank you and kind regards.*

*Selection committee.*

**WPCC Ladies Day**  
Tuesday 12th January 2021

Poster is now on the notice board please enter your team of 4  
on the list provided.

### Birthdays in **November**

|      |                               |
|------|-------------------------------|
| 2nd  | Peter Taylor                  |
| 5th  | Trevor Smit                   |
| 6th  | Jenny Phillips                |
| 8th  | Ruth Chowles                  |
| 13th | Patrick Young                 |
| 18th | Ron Delpont, Brita Pattullo   |
| 20th | Jenny Daly, Scott Fraser      |
| 21st | Neil Daly                     |
| 24th | Issy Goldman, Ronel Pietersen |
| 30th | Guy McGlew                    |

Until next time  
Give it your best shot  
*Gerrard*
